Ellie Higgins, 2018 Dairy West Scholarship Recipient, shares how valuable the scholarship was to her in achieving her goals:

"Receiving the Dairy West scholarship has helped me to achieve my goal of finding a career I'll love. I changed my major to Microbiology with a minor in Animal Science after really exploring career paths that would allow me to do what I love doing: helping animals! I'm so excited to have found my niche in the animal science world, and it wouldn't have been possible without the Dairy West Scholarship."

I recommend that every FFA member applies for this scholarship! The Idaho FFA foundation has made the application process easy and quick, there's really no reason not to. Especially when it comes to free money. Generous scholarships like the Dairy West scholarship are vital to being able to afford college and pursue your passions."
